

Do you want to import Chilean fruit directly from our Growers?

October 29th / 2020
Virtual International Business Round Table
Chilean Fruit for Export

**A NEW WAY OF LIVING
YOUR FRUITTRADE EXPERIENCE**

**Ways are changing, but
not the content...
the natural thing is
irreplaceable.**

We introduce you FruitCARE, a fresh version of Fruittrade, the well-known International Business Roundtable where Chilean growers offer their fruit directly to the world and, for the first time in eighteen years, as a consequence of the global pandemic, it will connect people through virtual meetings.

Are you looking for cherries, nuts, table grapes, citrus, apples, pears, kiwis, dried fruit or other species?

We advise you to check out FruitCARE Business Roundtable. You will find all the fruit species that has made Chile recognized around the world, not only because of the wide variety but also for its quality and innocuousness.

How does it work?

First: The first thing to do is to register at www.fruitcare.cl

Second: your participation will be authorized.

Third: look for the Company that matches your interests and request a meeting, You can begin to schedule meetings from October 7 until October 27.

Fourth: Finally connect to the platform on the agreed date and time. October 29th, 2020, from 8:00 to 22:00 Chilean time.

What does this mean?

That from the comfort of your desk you can check the information sheets of the registered participants and request a meeting (or they can also request meetings with you). These may be accepted or rejected, but the truth is that when October 29 comes, you will already have your virtual meeting agenda.

Who are the participants?

Fruit suppliers (Growers/Exporters)

They are the owners, partners, commercial managers, foreign trade managers. They remain wary and anticipate change, improve productivity, are proactive and are generally the first to adopt technology within the sector. Here, you will be able to find added value in the diversity of offered products. This will make you able to tailor solutions according to your needs. Estimated audience: 100 growers/exporters.

Fresh Produce Buyers (Retailers/Brokers/ Supermarkets)

The buyers you will find are wholesale importers, retailers, supermarket chains, brokers or others, coming from the main markets in Europe, Asia, North and South America and the domestic market. Estimated audience: A minimum of 50 buyers.
